SUMMARY

I am an experienced software engineer specializing in Frontend Development, with strong skills and expertise in JavaScript frameworks. With nearly two-three years of hands-on experience in developing and refining my skills in HTML, CSS, typescript, React.js, Next.js, Node.js, PostgreSQL, MongoDB, I am confident in my ability to deliver high-quality, efficient products. Additionally, my solid background in mathematics enhances my problem-solving abilities and allows me to approach programming with a structured and analytical mindset.
